

# **2016 Pi Tau Sigma National Convention**

## **SPONSORSHIP OPPORTUNITIES**

**February 19-21, 2016  
University of Southern California**

## National Convention

- February 19-21, 2016
- Hosted on campus at University of Southern California
- Over 200 high achieving Mechanical Engineering students will be attending

## Convention Highlights

- Keynote speeches from industry sponsors
- Company meal presentations
- Panel discussions with industry partners
- Private career fair with Pi Tau Sigma students
- Tours of USC facilities
- Networking with top students from across the nation

## Pi Tau Sigma

- International Mechanical Engineering Honor Society based on the values of Integrity, Service, and Leadership
- Over 170 University Chapters in North America
- Membership open to Mechanical Engineering students in the top 35% of the junior and senior classes

## Why USC?

- USC was founded upon a tradition of excellence that remains a vital part of the Viterbi culture.
- Mechanical engineering has been one of USC's major disciplines since its inception.
- USC's engineering program is consistently ranked among the top schools nationally among public and private universities.
- The USC Graduate Department of Mechanical Engineering is ranked 10<sup>th</sup> in the nation.

## Sponsor Benefits

- Interact with top Mechanical Engineering students from all over the U.S.
- Meet potential employees through the convention career fair, keynotes, and networking events
- Showcase your company's impact on industry and contribution to society
- Keynote speeches during meals offer further networking opportunities
- Panel discussion with sponsors and students
- Build a stronger relationship with Pi Tau Sigma
- Logo placement throughout the convention in many locations including:  
handouts given to attendees, banners, TV monitors, and t-shirts
- Host and present during a convention-wide meal (top 3 sponsors)
